UNIVERSITI KUALA LUMPUR

Universiti Kuala Lumpur (UniKL) merupakan salah satu institusi pendidikan di bawah Majlis Amanah Rakyat (MARA). Ia ditubuhkan melalui gabungan tujuh (7) institusi kemahiran MARA pada 20 Ogos 2002 dan telah melalui perkembangan yang pesat dan kini menjadi salah sebuah universiti pilihan di Malaysia. UniKL juga merupakan subsidiari MARA Corporation Sdn. Bhd. Pada masa ini, UniKL mempunyai 12 kampus cawangan yang terletak di lokasi strategik di seluruh Semenanjung Malaysia.

Dengan cancellorinya terletak di ibu negara Kuala Lumpur, UniKL Kampus Kota mempunyai bangunan universiti yang tertinggi di Malaysia – iaitu sebuah bangunan 31 tingkat yang terletak di dalam segi tiga emas Kuala Lumpur, sebuah pusat perdagangan di ibu kota manakala 11 kampus cawangannya terletak di seluruh Semenanjung Malaysia dengan setiap kampus mempunyai pengkhususan yang tersendiri berasaskan konsep “Satu Institusi, Satu Pengkhususan”.

Berikut merupakan 13 institusi di Universiti Kuala Lumpur dan bidang pengkhususan yang ditawarkan:

• Universiti Kuala Lumpur Malaysia France Institute (UniKL MFI)	Penyelenggaraan Automasi & Industri
• Universiti Kuala Lumpur British Malaysian Institute (UniKL BMI)	Elektrikal, Elektronik, Telekomunikasi & Tenaga Lestari
• Universiti Kuala Lumpur Malaysian Institute of Aviation Technology (UniKL MIAT)	Teknologi Penerbangan & Pembuatan Aeroangkasa
• Universiti Kuala Lumpur Malaysian Spanish Institute (UniKL MSI)	Komponen Automotif & Teknologi Sistem
• Universiti Kuala Lumpur Malaysian Institute of Information Technology (UniKL MIIT)	Teknologi Digital, Rangkaian, Multimedia & Animasi
• Universiti Kuala Lumpur Malaysian Institute of Chemical and Bio-Engineering Technology (UniKL MICET)	Teknologi Makanan, Kimia & Teknologi Bio
• Universiti Kuala Lumpur Malaysian Institute of Marine Engineering Technology (UniKL MIMET)	Teknologi Marin
• Universiti Kuala Lumpur Royal College of Medicine Perak (UniKL RCMP)	Perubatan & Sains Kesihatan Bersekutu
• Universiti Kuala Lumpur Malaysia Italy Design Institute (UniKL MIDI)	Rekabentuk, Pembuatan & Industri Rel
• Universiti Kuala Lumpur Malaysian Institute of Industrial Technology (UniKL MITEC)	Kejuruteraan Kualiti & Logistik Perindustrian
• Universiti Kuala Lumpur Institute of Medical Science Technology (UniKL MESTECH)	Teknologi Sains Perubatan
• Universiti Kuala Lumpur Business School (UniKL Business School)	Perakaunan, Keusahawanan, Kewangan Islam & Pemasaran
• Institute of Postgraduate Studies, Universiti Kuala Lumpur City Campus (IPS, UniKL Kampus Kota)	Pascasiswazah

Sejak ditubuhkan, UniKL telah berjaya melahirkan seramai 91,792 orang graduan termasuk 6,602 graduan dari Kelas 2024 yang diraikan di dalam Majlis Konvokesyen Kedua Puluh Satu UniKL.

UNIVERSITI KUALA LUMPUR

Universiti Kuala Lumpur (UniKL) was formed as part of the education group under Majlis Amanah Rakyat (MARA). It was formed via the amalgamation of seven (7) MARA skills institutions on 20 August 2002 and has since, experienced rapid expansion and emerged as a university of choice in Malaysia. At present, it has 12 campuses strategically located all over Peninsular Malaysia. UniKL is also a subsidiary of MARA Corporation Sdn. Bhd. It offers an enriching University Experience moving towards achieving Academic Excellence and enhancing Graduate Life Success.

UniKL City Campus where the Chancellery is housed, is located in the heart of Malaysia's capital and commerce area, boasting the tallest University Tower in the country – a 31- storey building situated at the heart of the Golden Triangle of Kuala Lumpur. The other 11 campuses are spread all over Peninsular Malaysia with every campus having its own specialisation based on the concept of 'One Campus, One Specialisation'.

Below are the 13 institutes of Universiti Kuala Lumpur and their areas of specialisation:

• Universiti Kuala Lumpur Malaysia France Institute (UniKL MFI)	Industrial Maintenance Technology
• Universiti Kuala Lumpur British Malaysian Institute (UniKL BMI)	Electrical, Electronic, Telecommunication Technology & Sustainable Energy
• Universiti Kuala Lumpur Malaysian Institute of Aviation Technology (UniKL MIAT)	Aviation Technology & Aerospace Manufacturing
• Universiti Kuala Lumpur Malaysian Spanish Institute (UniKL MSI)	Automotive Components & System Technology
• Universiti Kuala Lumpur Malaysian Institute of Information Technology (UniKL MIIT)	Digital Technology, Networking, Multimedia & Animation
• Universiti Kuala Lumpur Malaysian Institute of Chemical and Bio-Engineering Technology (UniKL MICET)	Chemical & Bioengineering Technology
• Universiti Kuala Lumpur Malaysian Institute of Marine Engineering Technology (UniKL MIMET)	Marine Engineering Technology
• Universiti Kuala Lumpur Royal College of Medicine Perak (UniKL RCMP)	Medical & Allied Health Sciences
• Universiti Kuala Lumpur Malaysia Italy Design Institute (UniKL MIDI)	Design, Manufacturing & Rail Industry
• Universiti Kuala Lumpur Malaysian Institute of Industrial Technology (UniKL MITEC)	Quality Engineering & Industrial Logistics
• Universiti Kuala Lumpur Institute of Medical Science Technology (UniKL MESTECH)	Medical Science Technology
• Universiti Kuala Lumpur Business School (UniKL Business School)	Accountancy, Entrepreneurship, Islamic Finance & Marketing
• Institute of Postgraduate Studies, Universiti Kuala Lumpur City Campus (IPS, UniKL City Campus)	Postgraduate Studies

Since its inception, UniKL has produced 91,792 graduates including 6,602 graduates from the Class of 2024 celebrated in the UniKL 21st Convocation Ceremony.

CHANCELLOR'S AWARD

MOHAMAD SOLEHIN BIN ZULKARNAIN

BACHELOR OF OCCUPATIONAL SAFETY & HEALTH (HONOURS)

Universiti Kuala Lumpur
Institute of Medical Science Technology
(UniKL MESTECH)

Parenthood was absent from Mohamad Solehin Zulkarnain's life, but that did not stop him from thriving in the warmth and love he found elsewhere. His story proves that family comes in many forms and success can be nurtured in the most unexpected ways.

The youngest of two siblings, Mohamad Solehin was raised by his grandparents, aunt, and uncle from infancy. It was not always easy, but he learned to weather the storms and transform hardship into strength.

Today, that strength shines through as he stands proudly as the recipient of the prestigious Chancellor's Award at Universiti Kuala Lumpur's (UniKL) 21st Convocation Ceremony.

Hailing from Batu Gajah, Perak, Mohamad Solehin has faced his share of adversity. Raised by his extended family, he often heard whispers from people questioning how he could possibly succeed without the guidance of his parents.

Yet, it was his family that shaped him, providing the values, education, and love that propelled him forward.

"Even though I was raised by my grandparents, uncle, and aunt, those are my sweetest memories," he shared, his voice filled with gratitude.

"People would say negative things like you cannot grow without your parents. But my family taught me to be a good person, to have character, and to carry myself as one of the caliphs in this world. Today, I have proven to them that you can still be successful."

A graduate of the Bachelor of Occupational Safety & Health (Honours) programme, Mohamad Solehin was shaped by deep personal loss. His parents divorced when he was just three months old.

While studying for his diploma in Physiotherapy at UniKL Royal College Medicine Perak (UniKL RCMP), he learned of his father's passing. Then, in his final year at UniKL Institute of Medical Science Technology (UniKL MESTECH), he lost his mother. Yet through it all, he persevered, channelling his pain into purpose.

Now working as an Executive and Consultant specialising in Ergonomics, Mohamad Solehin reflects on his long journey at UniKL.

"It's been a humble path," he says. "I started in 2015 at UniKL RCMP for my diploma in Physiotherapy. Afterwards, I worked as a Junior Physiotherapist, where I met people from the Occupational Safety and Health (OSH) field. It was during those moments I realised that this was where I wanted to be."

Notably, he is the first-ever recipient of the Chancellor's Award from UniKL MESTECH. During the challenging COVID-19 pandemic, he was appointed head of the Resident College Council (RCC) and worked tirelessly to help manage the outbreak.

His involvement in OSH, industry programmes, and community outreach efforts has earned him respect and admiration.

"UniKL has shaped me into a leader. Switching from Physiotherapy to OSH was a leap, but I told myself that I had to complete this process.

"It is about taking care of people's welfare, their health, and their safety. Every setback I faced only made me stronger and more determined," he said.

Looking ahead, Mohamad Solehin dreams of becoming a lecturer, hoping to inspire and guide the next generation.

"In 10 years, I want to share my knowledge, teach, and inspire students to be good people. Every era is different, but if I can succeed, then I believe that a thousand more 'Mohamad Solehins' can succeed too," he added.

MUAZ BIN MD AKHIR AL-HAFIZ

BACHELOR OF MARINE ENGINEERING TECHNOLOGY WITH HONOURS

Universiti Kuala Lumpur
Malaysian Institute of Marine Engineering Technology
(UniKL MIMET)

Few can maintain top academic scores while memorising the entire Quran, but for Muaz Md Akhir, both feats are part of his remarkable journey.

He began memorising the Quran at age 13 when he joined Sekolah Berasrama Penuh (SBP) Integrasi Kubang Pasu, where the Tahfiz Nurul Furqan programme was a school requirement.

However, Muaz credits his parents for shaping his path as a Hafiz. “My childhood was like any other, but my parents prioritised Quran recitation and the basics of religious practice (fardhu ain),” he shared.

Despite the demands of boarding school and Quran memorisation, Muaz excelled academically, achieving 10A+ and 1A in his Sijil Pelajaran Malaysia (SPM).

His achievements made him well-qualified to pursue Huffaz Professional Universiti Kuala Lumpur (UniKL) and a bachelor’s degree in Marine Engineering Technology at UniKL Malaysian Institute of Marine Engineering Technology (UniKL MIMET).

“I chose to pursue Marine Engineering Technology because of the high career prospects in the gas and maritime industries.

“This course also allows students to travel globally once they complete the Standards of Training, Certification, and Watchkeeping for Seafarers (STCW),” said Muaz, who is now serving as a Graduate Employability Enhancement Scheme (GEES) Trainee in Offshore Business (Asset Management) at MISC Berhad.

Muaz completed his standardised Quran memorisation under Darul Quran JAKIM’s Tahfiz certification programme in just 375 days.

Starting on 9 January 2017 and finishing on 19 January 2018, his success came after rigorous revision, exams, and semester breaks. In April 2018, he achieved a Mumtaz grade in both oral (safari) and written (Tahrir) exams.

Muaz’s routine included revising the Quran after Asar prayers, followed by playing rugby, his favourite sport.

“I would revise between Maghrib and Isya’—it is the best time. I set a daily tasmik target of 1-2 maqra’ (about 3 to 5 pages), and I aimed to complete one Juz every four days, with one additional day for full revision,” he explained.

During his studies, Muaz also led the Islamic Student Association (Persatuan Mahasiswa Islam MIMET) at UniKL MIMET for two consecutive semesters, earning the Best

Club Award twice and the Best Leadership Award.

Additionally, he participated in UniKL's Intensive Course for Daie (ICD) 5.0, a community service programme in Kuala Besut and Pulau Perhentian under Huffaz Professional UniKL, where he gained valuable communication and teamwork skills.

Through it all, Muaz's parents have been his greatest source of support. "They inspire my desire and drive for achievement. I aspire to be like Sheikh Dr. Aiman Suwayd—a scholar with both engineering and religious expertise."

Looking ahead, Muaz aspires to balance both professional and personal fulfilment. "Professionally, I aim to excel as a Senior Engineer in the Oil and Gas industry. Personally, I want to live within a circle full of Muslim scholars," he said.

Muaz's guiding principle remains deeply rooted in faith: "Put Allah first in everything you do. Never seek human praise. Feed your family with halal rizq. I dedicate this achievement to my family, Majlis Amanah Rakyat (MARA), UniKL, lecturers, friends, and everyone who has been part of this journey. May Allah bless you all and reward you with the highest Jannah. Thank you very much."

COUNCIL'S AWARD

AMIRRUDIN ISMAIL BIN ADLAN RAHIM

BACHELOR OF INFORMATION TECHNOLOGY (HONS) IN SOFTWARE ENGINEERING

Universiti Kuala Lumpur
Malaysian Institute of Information Technology
(UniKL MIIT)

When Amirrudin Ismail Adlan Rahim says, “Everything is only worldly,” he truly means it. The rough patches in his life have taught him that pain, failure, and challenges are all temporary.

Surprising many, Amirrudin Ismail is among the recipients of this prestigious award, despite not always being a high achiever.

Raised in Raub, Pahang, he reflects on a turning point in his life: “It was not until secondary school that I truly understood the sacrifices my mother and grandmother made for me and my siblings,” he shared.

“I grew up in a small family of five, with my late grandmother as our primary caretaker. My mother, a single parent, divorced when I was young, so my father was mostly absent. My mother pursued further studies until I was ten.”

Despite these hardships, Amirrudin Ismail said, “I had a childhood filled with love and care like any other child. When I was not in school, I was playing video games or hanging out with friends in the village—nothing extraordinary.”

This realisation, however, motivated him to take his studies seriously. He wanted to secure a better future for his family.

At Universiti Kuala Lumpur’s (UniKL) 21st Convocation Ceremony, Amirrudin Ismail is graduating with a Bachelor

of Information Technology (Hons.) in Software Engineering, a field he grew passionate about thanks to his love for video games.

“I loved playing them so much that I began to dream of creating my own game one day,” he said.

However, he quickly recognised the limited prospects for video game development in Malaysia and chose to pursue software engineering instead.

“Software engineering offers broader career opportunities, and the skills can be applied in various fields,” he further noted.

In a lighthearted tone, Amirrudin Ismail added, “If you see me during the convocation, tap my right shoulder three times to say hi.”

Amirrudin Ismail’s choice to study at UniKL was more out of necessity than desire, as he had to fulfil Majlis Amanah Rakyat’s (MARA) requirements after withdrawing from his previous institution.

“At first, I had doubts, but I am glad to say UniKL proved me wrong. The university’s Information Technology (IT) curriculum is top-notch and has significantly enhanced my education.”

He praised the programme for its comprehensive approach, adding that UniKL's curriculum covers everything from requirements gathering to deployment, preparing him to be a competent software engineer.

It also emphasises teamwork and collaboration, skills he realised were crucial early on.

Beyond academics, Amirrudin Ismail took on leadership roles, serving for two years on UniKL MIIT's Residential College Committee (RCC). This experience gave him valuable opportunities to network and organise events.

He recalled the RCC's major challenge of managing COVID-19 cases and quarantine zones during the pandemic. "Through teamwork and camaraderie, we minimised the spread of the virus and provided support to those in quarantine," he shared.

Looking ahead, Amirrudin envisions a bright future. "In ten years, I see myself not only starting a family but also becoming a one-man IT department. I want to develop all the necessary skills to handle IT projects independently, solving problems across the entire software development process," he said.

Amirrudin credits his mother as his greatest inspiration, saying her strength continues to drive him.

In his professional journey, he looks up to Faiz Syahiran Noor Ismail, his mentor from his studies in Adelaide and now a media producer in Cyberjaya.

"Faiz taught me that to excel in programming, you need to immerse yourself in it completely. Watching him succeed in building his own media company has inspired me to aim for similar achievements," he further noted.

NAZIHHAH HAZIQAH BINTI MOHD NIZAM

BACHELOR OF INDUSTRIAL LOGISTICS (HONS)

Universiti Kuala Lumpur
Malaysian Institute of Industrial Technology
(UniKL MITEC)

For many Majlis Amanah Rakyat (MARA) Junior Science College (MRSM) students, the dream of pursuing careers in mainstream fields like medicine or engineering is common.

However, for Nazihhah Haziqah Mohd Nizam, logistics was not initially on her radar—until her father encouraged her to explore it. His advice sparked a curiosity she did not know she had, and today, she is the Supply Chain Executive at Oji Asia Household Sdn Bhd, a Japanese multinational known for its global diaper production.

Based at the company's Banting branch, Nazihhah Haziqah manages the intricate world of supply chain logistics, ensuring products reach families worldwide.

"Once I immersed myself in logistics, I found it fascinating to learn how goods move from one point to another. The field is full of opportunities," she shared.

Nazihhah Haziqah chose Universiti Kuala Lumpur (UniKL) for her bachelor's degree because of its International Student Exchange Mobility (ISEM) programme, which allowed her to study abroad and transfer credits from her Diploma in Integrated Logistics Management at Kolej Profesional MARA (KPM) Bandar Penawar.

She is now a proud graduate with a Bachelor of Industrial Logistics (Hons). Hailing from the small town of Tampin in Negeri Sembilan, Nazihhah Haziqah's early education was at the rural Sekolah Kebangsaan Keru. Growing up with three brothers and one sister, under the guidance of her parents instilled in her strong values and a sense of community.

"Our home was always full of laughter, support, and, of course, some sibling rivalry," she joked.

Reflecting on her childhood, she said, "My parents balanced strict academic expectations with love. While I had tuition from the age of nine, my evenings were often spent playing outside. I am grateful for the memories of family trips during school holidays, which I know are opportunities not everyone gets."

Nazihhah Haziqah draws her greatest inspiration from her parents, who provided her with opportunities that have shaped her life. Her goal is to mirror their success and be a source of pride and inspiration for them in return. "I am incredibly grateful to have them in my life," she said.

Her personal mantra, "Fuel your dreams, savour the journey," highlights her belief in the importance of pursuing

academic excellence while embracing the joy of friendship and youth. She believes it is vital to not only be driven by opportunity but also to cherish it as part of your unique life adventure.

Looking ahead, Nazihhah Haziqah envisions herself as a logistics lecturer, proudly holding both a master's and a PhD within the next 10 years.

"My dream is to become an academician, sharing my passion for logistics and empowering students to thrive on their journeys. I want to foster an environment where knowledge flourishes and students are inspired to excel," she noted.

Alongside her academic aspirations, Nazihhah Haziqah is also passionate about travel. "Each new place offers a unique perspective, and I love capturing those moments, whether through photography or storytelling.

"I believe that blending my academic pursuits with a love for exploration will enrich both my life and the lives of my students, creating a vibrant tapestry of knowledge and experience," she said.

BOARD OF ENGINEERS MALAYSIA'S AWARD

NURUL NABILAH BINTI SHARIF TUAH

BACHELOR OF ELECTRICAL ENGINEERING WITH HONOURS

Universiti Kuala Lumpur
British Malaysian Institute
(UniKL BMI)

Nurul Nabilah Sharif Tuah, a 23-year-old Bachelor of Electrical Engineering with Honours graduate from UniKL British Malaysian Institute (UniKL BMI), is this year's recipient of the prestigious Board of Engineer Malaysia Award.

She dedicates this achievement to her mother, whose unwavering strength and dedication have guided her, especially after the passing of her father when she was just 16.

"I was truly shocked when I received the notification from UniKL about the award," she shared. "It was an overwhelming moment, but I felt incredibly honoured. Knowing that the selection process involved UniKL BMI and the Board of Engineer Malaysia made it even more special."

RASIONAL LOGO

LOGO RATIONALE

UniKL
UNIVERSITI
KUALA LUMPUR

WARNA

Logo ini mempunyai tiga warna – biru, emas dan merah. Warna biru menandakan tenaga mahir profesional dan semi profesional yang dilahirkan di UniKL melalui pendekatan berorientasikan praktikal. Warna emas menggambarkan program-program yang ditawarkan mengkhusus dalam bidang teknologi tinggi. Warna merah menandakan obor kemajuan. Ketiga-tiga warna, secara holistik, melambangkan pendekatan pendidikan teknologi berasaskan kemahiran yang akan menjadi teras bagi Malaysia untuk mencapai status negara maju.

BENTUK

Bentuk separuh gear diambil daripada sebahagian logo MARA dan ianya melambangkan tanggung jawab UniKL terhadap pendidikan kemahiran MARA.

Bentuk 'U' melambangkan UniKL sebagai sebuah institusi pengajian tinggi yang terletak di tengah-tengah Bandaraya Kuala Lumpur.

Bentuk latar langit Kuala Lumpur menandakan lokaliti universiti yang terletak di ibu negara Malaysia, Kuala Lumpur.

Tarikh 20.08.2002 merupakan tarikh penubuhan UniKL.

COLOUR

The logo has three colours – blue, gold and red. Blue signifies professional and semi-professional human capital produced by UniKL through its applied oriented curriculum. Gold portrays the notion that all programmes offered are high technology based. Red represents the beacon of progress. All three colours, seen holistically, symbolise UniKL's hands-on approach to technical education which will serve as a foundation for Malaysia to attain the status of a developed country.

SHAPE

The semi-gear shape is duplicated from a part of MARA's logo and it denotes UniKL's responsibility towards MARA skilled education.

The 'U' shape demonstrates UniKL as a reputable institution of higher learning situated in the heart of Kuala Lumpur.

The Kuala Lumpur skyline signifies that the university is located in the capital city of Malaysia.

The date 20.08.2002 represents the establishment date of UniKL.

The background is a dark teal or navy blue. It features several concentric circles of varying line weights, some appearing as thin white lines and others as slightly thicker, glowing blue lines. Scattered throughout the background are numerous small white dots, resembling stars or distant galaxies. Some of these dots are larger and brighter than others. The overall effect is a sense of depth and cosmic scale.

COKMAR
MACE

COKMAR CANSELOR

THE CHANCELLOR'S MACE

COKMAR CANSELOR melambangkan kekuatan dan keutuhan Bangsa Malaysia. Motifnya adalah kombinasi rekabentuk moden dan tradisional. Motif moden menggambarkan pembangunan mengikut perkembangan teknologi. Motif tradisional pula melambangkan bangsa yang memainkan peranan besar dalam perkembangan ilmu serantau dan global.

Bentuk cokmar ini sendiri melambangkan bahawa ilmu senantiasa berkembang dari satu peringkat ke peringkat yang lain sehingga mencapai puncak kegemilangan. Cokmar ini juga melambangkan usaha padu dan niat murni UniKL untuk memajukan ilmu teknikal untuk kebaikan seagat.

*The **CHANCELLOR'S MACE** symbolises the strength and excellence of Malaysians. Its motifs are a combination of modern and traditional designs. The modern motifs represent development which is in tandem with technological advancement. The traditional motifs symbolise the important role played by the nation in the development of regional and global knowledge.*

The shape of the mace itself signifies that knowledge develops in stages before the pinnacle of success is achieved. The mace also represents our concerted effort and true intention to develop technical knowledge for the good of mankind.

COKMAR PRESIDEN

THE PRESIDENT'S MACE

COKMAR PRESIDEN melambangkan UniKL sebagai sebuah wadah ilmu dalam pelbagai disiplin. UniKL mendukung kebebasan untuk menuntut ilmu dalam mempertingkatkan penggunaan pengetahuan dan menggalakkan pembentukan idea - idea yang asli dan inovatif. Usaha bersepadu dan ikhlas warga akademik dalam mendidik dan membentuk siswa dan siswi akan membantu UniKL untuk mencapai inspirasinya dalam menghasilkan graduan yang berpengetahuan dan berkemahiran tinggi.

*The **PRESIDENT'S MACE** symbolises UniKL as a receptacle of knowledge in various fields of study. UniKL upholds the independence of learning to promote the practical utilisation of knowledge and to encourage the generation of original and innovative ideas. The concerted and sincere effort of academicians to educate and mould their students will facilitate UniKL in achieving its aspiration to produce knowledgeable and highly skilled graduates.*

COKMAR MAHASISWA

THE STUDENT'S MACE

COKMAR MAHASISWA mewakili golongan mahasiswa yang memburu pengetahuan secara sistematis dan tekun untuk kebaikan sejagat. Ianya juga merupakan simbol sebuah masyarakat yang dihormati dan disegani. Bentuk cokmar ini melambangkan sebuah institusi pengajian tinggi yang dapat melahirkan graduan berdisiplin dan dihormati kerana penguasaan ilmunya.

*The **STUDENT'S MACE** represents the students who pursue knowledge systematically with perseverance for the good of mankind. It also symbolises a society which is highly honoured and respected. The mace signifies an institution of higher learning which is capable of moulding disciplined graduates who are respected for their mastery of knowledge.*

The background is a dark blue gradient with several concentric white circles centered around the text. Scattered throughout are small white dots of varying sizes, resembling stars or distant galaxies. The overall aesthetic is futuristic and cosmic.
